

Child Seat Guidelines

	Infant Seat	Child Seat	Booster Seat
Age	0-1 year	1-4 years old	4-9 years old
Weight	Up to 9kg (19lbs)	9 kg - 30kg (19 - 66 lbs)	18kg and over (39lbs and over)
Direction	Rear	Rear if under 9 kg. Rear or front, if over 9 kg. Front, if over 18 kg.	Front
Notes	Dinette table may need lowering as Infant or Child Seats are installed, making it un-available for adults during travel	Children 9–18 kg should remain rear-facing as long as possible. (Source: BCAA road-safety / child-passenger-safety).	No car seat needed for children over 145 cm (4'9")

Floor plan reference only

Please note that it is not illegal for children to sit in dinette seats with lap belts only, without a booster seat. In vehicles like the C-XLarge, which are equipped with lap belts (not shoulder belts), the main risk that boosters address — choking from a misaligned seat belt — does not apply. Children around 5 years or older may use these seats, but the final decision rests with the customer. Four Seasons RV Rentals provides guidelines but does not make decisions on child seating.
