

# MEDIUM

Enjoyable luxury holidays for up to four people

This rental motorhome category is probably the most versatile one. It offers you a five-star homebase that you can easily take to the most remote locations. It's the perfect rental motorhome to explore the shores of the Arctic Ocean, as well as cruising through the white washed villages in Southern Spain. This category accommodates up to 4 people and provides excellent storage facilities.

Mediumcategoryrentalmotorhomes are all beautiful semi-integrated models. Owing to its size, this category suits both urban streets and rural scenic routes.

This is an example layout. The layout of the rental vehicle may differ from it.
