

Insurance Options

At Escape, we like to make things as simple and easy as possible for your clients to book the trip of a lifetime. Our straightforward insurance options help give them peace of mind so that they can make the most of their vacation.

WHAT MAKES ESCAPE DIFFERENT

- **You Choose.** Unlike other operators, Escape does not make additional insurance compulsory and we do not push the various options on your client. It is entirely their decision which combination suits their budget, peace of mind, and any other travel insurance they may have already purchased. We do not require a bond or security deposit during your rental, but we do require a credit card on file.
- **We're Here to Help.** Your client does not need to decide which option suits them best now. We will explain any queries they have at the time of pickup and they can decide at pick up if they want to take extra insurance or not.

BEFORE YOU DECIDE

- **Important to Note:** If your client is a U.S., Canadian, or International resident with a valid driver's license from their respective country, and they have auto insurance or credit card insurance that provides coverage for rental vehicles, they may not have coverage for our campervans. Technically they are "conversion" vehicles, and not all rental/credit card insurance plans cover these kinds of vehicles.
- **Double Check:** Please advise your client to check with their insurance company prior to pick up and ask specifically if their policy includes coverage for "conversion" or "modified" vehicles. If they decline our CDW and/or SLI options, their credit card will be charged for the cost of any and all damages at return, and they will need to make a claim through their own insurance company for reimbursement.

Insurance Options (cont.)

2 KEY THINGS TO CONSIDER WHEN CHOOSING CAMPERVAN INSURANCE:

1. Damage done to the Escape campervan (collision protection), i.e., any damage to the vehicle your client is driving – hood, bumpers, windows, etc.
2. Damage your client does to others' property or injury to others (third party liability), i.e. if they were to hit another car, cause damage to that car, and cause injuries to person(s) in that car.

Collision Damage Waiver (CDW)

- Collision Damage Waiver (CDW) means clients are not responsible for damage to the campervan in the case of an accident. Includes theft of vehicle (not personal belongings), windscreen damage, and 2 tire replacements.
- If hirer does not choose to purchase CDW insurance, he/she is responsible for any and all damage caused to the Escape campervan, including theft. If selected, the cost of coverage varies slightly by location.

Supplemental Liability Insurance (SLI)

- If selected, Supplemental Liability Insurance (SLI) provides 3rd party \$1,000,000 medical and \$350,000 property coverage.
- If hirer does not choose to purchase CDW insurance, they will have minimum third party liability coverage. This is the basic statutory third party liability and property damage included in the daily rate. Coverage varies by state.

Deductibles & Excess

Mavericks: \$25,000 USD, Santa Cruz: \$30,000 USD, Big Sur: \$40,000 USD, Big Sur (CANADA): \$53,000 CAD, Jeep Camper: \$50,000 USD

Your client's insurance options can change depending on model selection and where they choose to travel. The following charts show all options.
