BETA 2S SC

drives like a car, sleeps like a camper

## Enjoy an unforgettable holiday in an Award Winning Custom-Designed Spaceship.

The Beta 2S SC is the perfect vehicle for adventurous eco travellers. It is compact, comfortable and great to drive on New Zealand's windy roads. The Self Contained off the grid features like fresh and grey water storage, portable toilet and solar panel enable full exploration of the hundreds of gravel roads that lead to beautiful camping locations and stunning spots to picnic, walk or just chill out for the day. Combine all this with our free camping app and Responsible Camping support and guidance and you are all set to explore the best of New Zealand.

### Like a good car to drive:

Fun, safe and easy to drive  
Automatic transmission

Compact, versatile and comfortable  
Easy to drive and park

### With more useful features than a campervan:

- **Large double bed** (use it fully inside or extended out the back for good ventilation and **30% more space**)
- **Self-Charging Smart Battery System** – with up to 24 hours battery life so you don't need powered camps each night.
- Large **Lockable Storage Space**.

### Advantages of travelling in a Beta 2S SC

- **Self contained with solar power assist to keep your gadgets charged.**
- **25 litre fresh and grey water storage**
- **A newer, lower mileage vehicle** with reduced branding.
- Enjoy the **freedom and flexibility** of driving a cost-effective vehicle with the option of either staying in a hotel or a larger range of camping areas.
- **Lower fuel costs** because of vehicle size.
- There is no need for powered sites in camping grounds as the battery self-charges as you drive giving you **more freedom and saving you money.**
- **Save money on the ferry** as a Spaceship is classified as a car.
- **Better sleeping environment** with large comfortable bed that can be set up inside or extended out under a rear awning for better air circulation on hot nights.
- **Free after hours pick up and drop off service available.**
