

Welcome to Carnarvon Gorge

Take an unforgettable journey deep into a spectacular steep-sided gorge, where towering white sandstone cliffs envelop a creek-side oasis. Let every twist and turn of boulder-strewn Carnarvon Creek reveal a splendid scene, new plant or amazing animal.

Venture deep into cool, lush side-gorges, their subtly-coloured walls carved by water and time. Awaken your senses and nurture your spirit discovering the wealth of cultural and natural treasures of this very special park.

“Hasten slowly in this wild place. Let the feeling of peace and tranquillity enter the spirit. Breathe deeply and enjoy the scents of the bush.
Photographer Duncan McDermant, 1978

We acknowledge the long and ongoing connection Aboriginal people have with this significant cultural heritage place and ask that you explore the country with care and respect.

“Living and working on a remote national park is not without its challenges. However, the opportunity to protect and conserve one of Queensland’s most spectacular national parks is a privilege that I, and my fellow rangers, appreciate every day.
Ranger Huw

Getting to the Gorge

Feel the excitement build as you drive across plains towards cliffs rising above the distant tree-line. Carnarvon Gorge is approximately 740km north-west of Brisbane, 450km south-west of Rockhampton, 246km north of Roma and 241km south-east of Emerald.

Carnarvon Gorge is remote so expect some challenging conditions along the way. The bitumen road to the park allows access for all vehicles. Carnarvon Creek rises rapidly after rain, cutting access roads. If it’s flooded, forget it! Before you set out, check road conditions at qldtraffic.qld.gov.au or phone 13 19 40.

Stay a while

Enjoy Carnarvon Gorge your way. Tackle an adventurous walk, relax over a picnic or explore along the creek—this is a special place that will entice, inspire and recharge you. Spend a few days exploring Carnarvon Gorge and discover its many secrets.

Set up your home away from home in the leafy Carnarvon Gorge camping area during the Easter, June–July and September–October Queensland school holidays or hike your gear into Big Bend for a bush camping experience. Book your camp site well in advance at qld.gov.au/Camping

At any time of the year you can stay just outside the park at a range of private accommodation facilities. Visit queensland.com to help plan your stay.

“Enjoy the many great wildlife viewing opportunities in these beautiful surroundings. Whether it be sitting quietly by the creek or heading out at night spotlighting.”
Ranger Emma

Rest and relax

Rejuvenate in a green oasis beneath tall eucalypts and palms amid grazing kangaroos and chattering birds after your long hot day on the road or after exploring the gorge’s many sites. The lush and inviting Carnarvon Gorge Visitor Area has plenty of cool shady spots where you can rest and refresh.

Enjoy a picnic or cook up a storm on a gas barbecue. You might see whiptail wallabies grazing, apostle birds squabbling, busy fairy-wrens snapping up insects or a rummaging echidna.

What was that bird you saw or the little orchid you spied beside the track? Satisfy your curiosity by exploring the Carnarvon Gorge Visitor Centre.

Venture on foot

Take your time exploring deep into Carnarvon Gorge on foot. Delight in the dazzling colours reflected in the sparkling waters of Carnarvon Creek as you stroll along its shady banks on short walks or discover hidden wonders tucked beneath towering sandstone walls and deep inside cool narrow side gorges on longer walks. Soak up the magnificent views over the luscious green gorge below a lookout or answer the call of adventure and trek some or all of the 87km Carnarvon Great Walk. Wind up towering slopes and out onto the rugged plateaus of the Great Dividing Range—the aptly-named ‘Roof of Queensland’, the source of many great rivers.

Short walks

B Nature Trail

1.5km return from the Carnarvon Gorge Visitor Area
 Spot lots of wildlife from the shady banks of Carnarvon Creek. Look for turtles basking in the sun, and if you’re quiet, you might spy an elusive platypus. For the best wildlife watching visit at dusk or dawn.

K Mickey Creek Gorge

3km return from Mickey Creek car park
 Wander along Mickey Creek and into narrow side-gorges where walking changes to an off-track adventure. Here you can look for swamp wallabies resting from the heat. Rocky sections of the track are slippery and caution is needed on creek crossings. The formed track ends 1.5km from the Mickey Creek car park.

M Rock Pool

400m return from Rock Pool car park or 3.6km from the Carnarvon Gorge Visitor Area
 Linger in the shade of fig and casuarina trees watching for fish and turtles, or take a refreshing dip on a hot day. Carved from the bed of Carnarvon Creek by the turbulent water of past floods, the Rock Pool is the only place in Carnarvon Gorge where you can go swimming.

Longer walks

The main gorge walking track

Criss-cross Carnarvon Creek as it winds 9.7km to the tranquil waters of Big Bend. Explore side-tracks leading to narrow, hidden gorges and timeless rock art sites. This track is mostly flat, although you must step from rock to rock across the creek and some side-tracks are steep.

At Big Bend the graded track system ends and the remote hiking trail of the Carnarvon Great Walk begins.

Boolimba Bluff

6.4km return

Discover what lies above the cliff line. Scale the steep slopes and be rewarded with views out towards distant ranges at Boolimba Bluff, towering 200m above Carnarvon Creek. Walk through spotted gum woodland, rainforest scrub and stands of budgeroo in the early morning rays to best enjoy the gorge's most diverse and only lookout track.

Moss Garden

7km return

Beneath tree ferns straining for sunlight, a small waterfall tumbles over a rock ledge into a pool of reflections. Here water dripping constantly from the sandstone sustains a lush, green carpet of mosses, ferns and liverworts.

Amphitheatre

8.6km return

Discover a secret oasis. Hidden inside the gorge walls is a 60m deep chamber gouged from the rock by running water. This is a place for quiet contemplation—the towering stone walls and natural skylight create an awe-inspiring atmosphere within.

Wards Canyon

9.2km return

Be enticed into cool and inviting Wards Canyon on a hot day. Climb the short, steep track winding through spotted gums, past a small waterfall and into a beautiful side-gorge, sheltering the world's largest fern, the king fern *Angiopteris evecta*. These impressive green 'dinosaurs' have strong links with the ancient flora of Gondwanan origin.

Art Gallery

10.8km return

Nurture your spirit gazing at over 2000 engravings, ochre stencils and free-hand paintings adorning the 62m long sandstone walls of this significant Aboriginal site. The Art Gallery contains some of the best examples of stencil art in Australia.

Cathedral Cave

18.2km return

This massive wind-eroded overhang sheltered Aboriginal people for thousands of years. Admire the panorama of rock imagery adorning its walls—reflecting the rich cultural life of those who gathered here.

Boowinda Gorge

18.4km return

Rock-hop into a sculpted side-gorge 100m upstream of Cathedral Cave. The first kilometre of this boulder-strewn gorge is the most spectacular with its sculpted walls of moss covered sandstone.

Big Bend—end of main walking track

19.4km return

Visit a natural pool nestled beneath looming sandstone walls in Carnarvon Creek. Rest here in the shade of large spotted gums and watch catfish and turtles swim in the calm waters of the upper reaches of Carnarvon Creek. A composting toilet and picnic table are provided. You can camp here all year round.

“ Boolimba Bluff is the perfect spot to capture a great photo of the rising sun splashing colour along the gorge's white cliffs.
Ranger Garrett ”

Carnarvon Gorge

Carnarvon National Park

Remote hiking

Pack your hiking gear and take on the remote sections of the Carnarvon Great Walk linking the Carnarvon Gorge and Mount Moffatt sections of Carnarvon National Park. You'll need 6 to 7 days, good preparation and high-level bushwalking and navigational experience. For your safety, complete a bushwalking advice form and leave a copy with someone responsible before you depart. Organise your camping permit at qld.gov.au/Camping and purchase a map before you head out. Check online at parks.des.qld.gov.au/parks/carnarvon-great-walk for more details.

Guided adventures

Treat yourself and enhance your Carnarvon Gorge adventure. Guided tours are offered by commercial operators—just search on the Internet for Carnarvon Gorge guided tours.

Other top spots to visit

If you enjoy Carnarvon Gorge, why not visit some other wonders in Carnarvon National Park—it covers nearly 3,000km² of some of Central Queensland's wildest scenery.

Dip your toes into the spring-fed waters of the Nogoia River, winding its way through a broad, picturesque valley beneath craggy sandstone outcrops at Salvator Rosa. Drive 168km from Springsure or 135km from Tambo via Mount Playfair Road. 4WD is required.

Relax at the peaceful camping spot near Bunbuncundoo Springs in Ka Ka Mundi where more than 30km of remote sandstone escarpments and plateaus dominate the skyline. Drive 130km south-west of Springsure. 4WD is recommended.

Venture by 4WD to explore Mount Moffatt where sandstone monoliths tower above a carpet of open woodland. Basalt-crested plateaus form a backdrop to this subtle but spectacular landscape at the headwaters of the Maranoa River. Drive 220km north of Mitchell or 160km north west of Injune.

Access roads to all sections of Carnarvon National Park except Carnarvon Gorge have unsealed sections which are slippery when wet and can become impassable after heavy rain. Take care to avoid stock on unfenced roads and leave gates as you find them.

Explore respectfully

Unfortunately, some cultural sites within national parks have been damaged through deliberate or natural means, with some rock art ruined or even completely destroyed. Help us work with the local Aboriginal peoples to protect this precious heritage. When visiting rock art sites please remember the art is very fragile and can be permanently damaged if touched—even by accident. Enjoy a close look, but please remain on boardwalks where provided.

Pack the essentials

- Plenty of drinking water—walking up the exposed gorge can be hot and thirsty work.
- First-aid kit—you never know when you might need it.
- Sunscreen, hat, appropriate clothing and good walking shoes.
- Strong plastic bags or containers to remove your rubbish. No bins are provided.
- Satellite phone, Personal Locator Beacon (PLB), topographic map, navigation equipment and sterilisation tablets if taking on the remote sections of the Carnarvon Great Walk.
- Camera for recording the wonderful memories of your unforgettable visit to this awesome park.

Emergency!

There is limited mobile phone reception at Carnarvon Gorge. A pay phone is provided near the Carnarvon Gorge Visitor Centre. Call Triple Zero (000) on the pay phone or your satellite mobile phone.

Tracks at a glance

Distances and return times are measured from Carnarvon Gorge Visitor Area unless otherwise stated.

Track name	Grade	Distance (return)	Walking time
(A) Main walking track	3/4	19.4km	7–8hr
(B) Nature Trail	3	1.5km	1hr
(C) Boolimba Bluff	4	6.4km	2–3hr
(D) Moss Garden	3	7km	2–3hr
(E) Amphitheatre	3	8.6km	3–4hr
(F) Wards Canyon	3	9.2km	3–4hr

Tread thoughtfully

Take up the challenge to leave no trace of your visit. It's easy—here's how:

- Pack it in, pack it out. Take all rubbish (including food scraps, cigarette butts and sanitary items) with you.
- Cook on a fuel stove. No open fires are allowed.
- Bush hygiene—keep it clean! Use toilets at the Carnarvon Gorge Visitor Area, the Moss Garden turn-off and at Big Bend. Take care not to pollute the natural water supplies.
 - Wash away from streams, gullies and watercourses.
 - Bury all faecal waste and toilet paper 15cm deep and at least 100m from waterways (carry a small trowel or spade for this purpose).

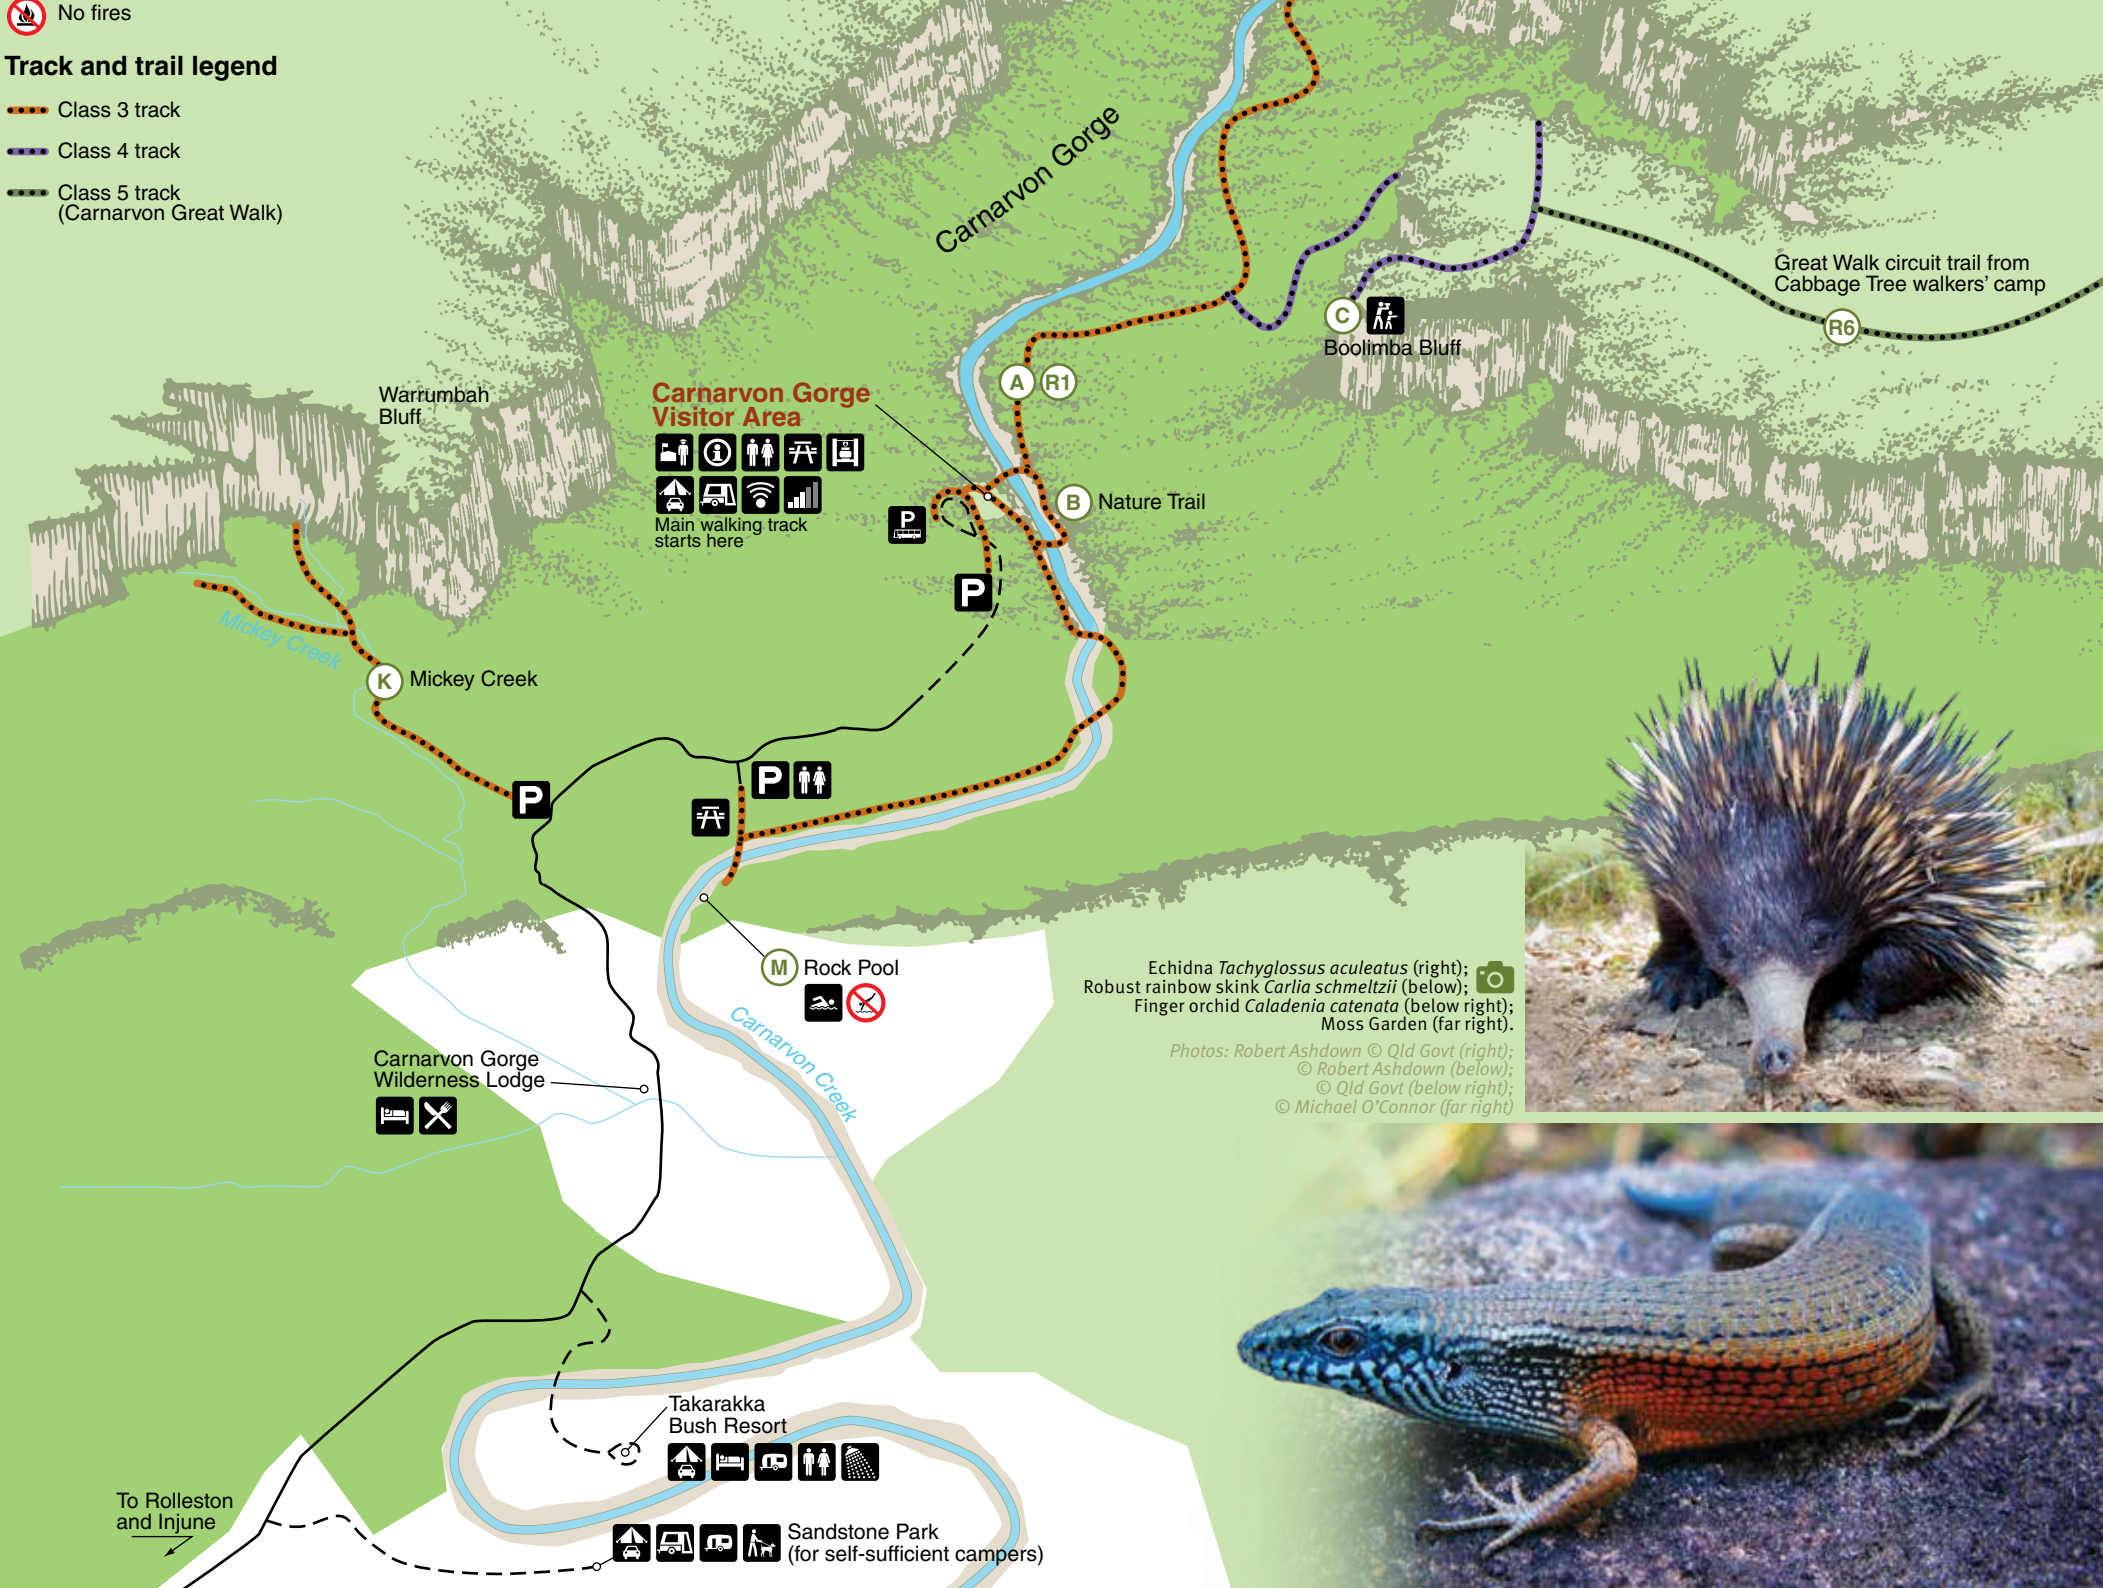

No fires

Track classification

Grade	Symbol	Suits	Track description
3		People with some bushwalking experience	Suitable for most ages and fitness levels. Tracks may have short steep hill sections and many steps. Caution is needed on creek crossings, ladders and lookouts. Ankle-supporting footwear required.
4		Experienced bushwalkers	Tracks may be extensively overgrown, rough and very steep. Caution is needed on creek crossings, loose surfaces, cliff edges and exposed naturally-occurring outlooks. Ankle-supporting footwear required.
5		Very experienced bushwalkers	High level of physical fitness and map reading skills required. Track has very steep sections, irregular surface and loose stones. Directional signs limited. High-quality, ankle-supporting footwear required.

- Never feed wildlife. This upsets the balance of nature and harms the animals in the long term. They can also become aggressive to humans.
- Keep to tracks and boardwalks to avoid damaging fragile Aboriginal rock art, trampling sensitive vegetation, causing erosion or accidentally caving in platypus burrows.
- Graffiti is not 'leaving your mark'—it's vandalism. Penalties apply.

Adventure safely

Make your visit memorable for all the right reasons.

Carnarvon Gorge is remote with many natural hazards, so be careful and don't take risks. Rescue and medical help can be hours away.

- Check Park Alerts online and obtain weather forecasts and river level information before heading to the park as conditions can change rapidly.
- No matter what type of walk you intend to do, you should always plan ahead. Are you fit and well enough to walk the distance, cross stepping stones in the creek or trudge all the way back on a hot day? Judge your ability and conditions carefully before setting out, even on short walks.
- Learn as much as you can about the terrain and local conditions and make sure that you carry appropriate clothing and reliable gear. Choose walks that suit the capabilities of your entire group. Stay together and keep to the walking tracks.
- Take care on the many rocky creek crossings. Stepping stones can be slippery or unstable. Serious injury has occurred to visitors as a result of falling on the rocks. Wear appropriate footwear with a good grip.
- Carry plenty of drinking water. Creek water is unsuitable for drinking. Water is available from taps in the visitor area. Treat all water before drinking.
- Falling trees and limbs, flash flooding and rock falls occur naturally at any time. Avoid walking in extreme weather. See the weatherboard at the Carnarvon Gorge Visitor Centre for current weather updates.
- Never dive or jump into any creek or waterhole. Shallow water and submerged objects present a serious risk. You may be severely injured or killed.
